PAYMENT POLICY...

Unfortunately, due to the number of exits in our establishment, we have had to put in place security measures for the financial wellbeing of the business.

We have had several instances in the past where tables, whether intentionally or not, have not paid their bill before leaving. Subsequently we have introduced the following payment policy, offering you two payment options.

1. TABLE ACCOUNT

We secure a drivers' license OR credit card to run an account. This is stored under your table number in a secure filing system at the main register. No imprint or details of any sort are recorded.

A table card will then be distributed to the cardholder. Upon payment of the account, the cardholders full name is confirmed and an exchange of cards occurs. This table card must be presented at the till to reclaim your drivers' licence or credit card.

2. PAY AS YOU GO

Each order placed is paid – in full – at the time of ordering, either by cash or card (\$10.00 minimum for all card transactions).

It is not illegal to take a card to secure an account as required. It is simply a measure used to protect the financial wellbeing of the business. We do apologise for the inconvenience.
